REMARKS

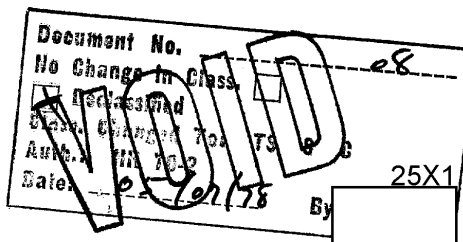

25X1X

1. It was observed between 1 and 20 November 1950, that rail shipments of equipment and furniture for the Volkspolizei have been arriving at the Wustermark railroad station from Land Thuringia for several weeks. At the Wustermark marshaling yard, the shipments were reclassified to the central depot of the Hauptverwaltung fuer Ausbildung (Main Administration for Training) (HVA) in Berlin-Zentralviehhof, the new shipping documents being issued by the transportation police. This procedure was instituted by the HVA to keep the dispatching firms from learning the final destination of their goods. \*

25X1A [redacted] Comment. The HVA depot for billeting equipment in Berlin-Zentralviehhof was confirmed by a previous report which stated that furniture was shipped from the HVA depot to the Kluever Kaserne in Halle on 4 December 1950, apparently for a VP unit being activated there. [redacted]
